

How can I use
technology to
market more
efficiently to my
client base?

Kodak

Retail communications have to capture the quality of your products everywhere they appear—consistently and cost-efficiently. And usually at high volumes in short time frames. That's where Kodak can really help. We offer you the broadest portfolio of workflow and proofing solutions available, integrated technologies that put Kodak expertise at the heart of your production process, driving efficiency, consistency and quality every step of the way. When you're relying on integrated campaigns to showcase your products and connect with your customers, rely on Kodak to smooth your way through every step of the process. **To make an appointment with a creative solutions consultant, call 1-866-563-2533 (reference code 4425) or visit graphics.kodak.com/go/Catalog.**
